

completeness and convenience they are described again herein, and this Amendment shall supercede any such prior amendment. To the extent a particular true-up has already been completed, it will not be performed again. The specific time frames² and rate elements affected are described below:

- 2.1.2.1 Rate elements on DS1 Loops – the rates for these elements approved by the PSCW in its UNE Compliance Order, as modified by the Category 3 Order, apply from May 21, 2002 through March 10, 2005. Beginning March 11, 2005, the FCC's stay on UNE price decreases, as described in the FCC Interim Order, expired, and therefore the DS1 rates adopted by the PSCW in the 187 Order took effect.
- 2.1.2.2 Rate elements on Loops with capacities less than DS1 – the rates for these elements approved by the PSCW in its UNE Compliance Order, as modified by the Category 3 Order, apply from May 21, 2002 through October 12, 2004. The rates for these elements that were adopted by the PSCW in the 187 Order apply to the period following October 12, 2004.
- 2.1.2.3 IDLC conversion charge – this charge applies to each unbundled loop with a capacity of less than DS3 level. In accordance with the Category 3 Order, the IDLC conversion charge is \$0.04 per loop per month from May 22, 2002 through December 31, 2004. Beginning January 1, 2005, CLEC has an option to elect either Option 1 - a \$0.16 per loop per month charge for unlimited IDLC conversions or Option 2 - a \$0.10 per loop per month charge for a maximum of fifteen (15) conversions in each twelve (12) month period beginning January 1, 2005. If CLEC selects Option 2 and requires more than fifteen IDLC conversions during one of the twelve month periods, additional conversions will be subject to additional charges on a non-recurring ICB basis. CLEC must select its rate by placing an "X" above one of the lines below. Once an election is made, it cannot be changed. In accordance with the Category 3 Order, if CLEC fails to make an election, CLEC will be assigned the default choice of Option 1. For administrative convenience, the IDLC conversion charge will be added to the appropriate loop rate. It will not appear as a separate rate element on bills or invoices.

IDLC conversion selection – In accordance with the options described in section 2.1.2.3, CLEC hereby elects:

- _____ Option 1 (\$0.16 charge for unlimited conversions)
- X _____ Option 2 (\$0.10 charge for a maximum of 15 conversions per 12 mos)

- 2.1.2.4 Miscellaneous elements – When SBC Wisconsin initially implemented the rate elements from the UNE Compliance Order in 2003, it inadvertently omitted changes to certain rate elements from the price schedule. These elements were: Transit Service; Daily Usage Fee, per message; Digital DS1 Service Admin Charge – Disconnect; Digital DS1 Design and CO Connection – Disconnect Order; POTS Electronic Service Order – Disconnect; POTS Manual Disconnect Service Order Charge; Unbundled Tandem Trunk Service Charge – Port Disconnect; Unbundled Tandem Trunk Subsequent Trunk Group – Disconnect; Port Disconnect Charge Trunk Translations Features. In accordance with the UNE Compliance Order, these rates are retroactively effective back to May 21, 2002.

- 2.2 This Amendment is provided as a means by which SBC Wisconsin and CLEC, which have an interconnection agreement under Sections 251 and 252 of the Telecommunications Act of 1996, can obtain the rights and obligations under the PSCW and FCC orders described herein. Nothing in this Amendment

² Notwithstanding anything to the contrary in the Agreement (including, as applicable, this Amendment and any other amendments to the Agreement, including the Revised Amendment, if any), in the event that any other telecommunications carrier ("Adopting CLEC") should adopt, directly or indirectly, this Amendment or provisions thereof ("MFN Provisions") pursuant to Section 252(i) of the Act, the rates and rate structures in Attachment A shall begin to apply prospectively from the date that the MFN Provisions become effective between SBC Wisconsin and the Adopting CLEC, following the date the PSCW approves or is deemed to have approved the Adopting CLEC's Section 252(i) adoption ("Section 252(i) Effective Date"). In no event shall an Adopting CLEC be entitled to the application of any rate or rate structures under its MFN Provisions to a date prior to its Section 252(i) Effective Date.
